SKILLS

- ❖ HTML, CSS, JavaScript (ES6+)
- ❖ Artificial Intelligence & Machine Learning Fundamentals
- ❖ Basic Data Structures

EDUCATION

- ❖ Computer Engineering | Government College of Engineering , jalgaon
CGPA: 8.73 | (Aug '25 – May '26)
- ❖ XII | Nehru Vidyalaya Chimur
75.67% | 2024

EXPERIENCE / PROJECTS

- ❖ **Movie Recommendation System**
Built a movie recommendation system using a dataset of approximately 1000 movies. Implemented Vector-based retrieval and similarity-search based techniques to provide relevant movie suggestions and query responses.
- ❖ **Krishna's ChatBot**
Developed an AI-powered chatbot using JavaScript, Express.js, and Gemini API. Enabled users to interact and receive information related to Lord Krishna through conversational responses.
- ❖ **Educational Course Website**
Designed and developed a multi-page educational website using HTML and CSS. Implemented navigation, course pages, media integration, and responsive layouts for an improved user experience.

POSITION OF RESPONSIBILITY

- ❖ **Volunteer | Dronathon & Aroquest** (March , 2024-25)
Supported event coordination, participant management, and execution of activities while working collaboratively with organizing teams.
